## ***Mountains and Valleys***

This past couple of months has been like a roller coaster here in Asia Community Service.... Some call it the mid year crisis.....

Our work with people with intellectual disabilities and their families is demanding and challenging. Much as we rely on volunteers, we still have to engage full-time staff in order to carry on the work. For the past 6 years, our dedicated and committed team steadily grew to 14 full time staff members.

When we lost 3 staff in one month, it was like a big blow in the face. One left to further her studies in special education, one left to concentrate on her married life, and one for greener pastures. We would like to thank Joanne, Jamilah and Sakuntala for their years of service with us and wish them well.

As like a consolation to our discouragement, we received to our pleasant surprise the Occupation Certificate (OC) after a mere 5 months since the completion of building construction of the Balik Pulau project. This certainly restored my confidence in the local authorities and its system!! The competence is of course due to the diligence and efficiency of the pro bono team of consultants under BYG Architecture.

At the same time, now that the building is completed, we will be losing our ACS founding chairman, Prof Ken Nakazawa as he moves on to Sarawak to begin another similar work for that local community. Prof Ken has provided the vision and direction for the work here in Penang as well as the source of funding due to his connections with Japan. Nevertheless in a way, Penang's loss will be Sarawak's gain.

We are glad to have Ms Gillian Y.K. Teh, a well-known benevolent in Penang and a fellow ACS director, who has consented to take over the helm as Chairman of the Board of Directors.

## **VOLUNTARY HELPERS**

---

In view of the current shortage of staff, let us know if you can assist in any way. We are looking for

### ***Toy Doctors***

Toys that are loaned out through our “Jom!” Mobile Toy Library often come back damaged due to wear and tear. If there is handyman out there who is good with their hands, we’d appreciate having the toys “doctored” and repaired. It is just a shame to throw them out as some could just be replacing missing pieces, needing mechanical adjustments etc..

### ***IT Specialists***

Can somebody out there help us maintain our computers in good working order? Some of these computers with special gadgets can be sensitive when “mishandled” by the children. Or perhaps there might be someone who is keen to update our website etc.?

### ***Sales Assistant at Functions***

Sometimes, we are offered opportunities to display our products (candles, batik, woven products, soap etc..) made by the adult members at charity functions. It can become rather taxing on the staff and members to man these booths over the weekend or evening hours. Let us know if you can spare the time to help in this area.

We would also appreciate it there are some of you who can help us market our products.

### ***Be a Friend***

Help us enlarge their circle of friends by befriending our adult members i.e. organise or participate in bungalow stays, monthly sports and recreational events etc...

Come and work and play alongside them – they are a great bunch! We ask for your charity, but they would prefer you give them dignity.

## **NEW BUILDING**

---

As I have mentioned, we are excited to obtain the O.C. in June for the new building of ACS Stepping Stone Support Centre for Community Living in Pulau Betong, Balik Pulau. We will be busy preparing for the physical move, as well as planning for the opening ceremony.

We managed to raise RM 14,000 from the appeal letters sent out in January. Our heartfelt thanks to those of you who have contributed. However, the amount raised is still way below our shortfall of RM 100,000.

### ***Items Required***

In the meantime, we are still looking for sponsorships in order to equip and furnish the place such as shelves, install ventilator turbines, curtain blinds, lawn turfing etc...

Some of the items that we need are a lawn mover, refrigerator, water cooler, water filter, fax machine, microwave oven, television, potted plants etc...

We want to make the place presentable and hope to resume operation by August. The new workplace will have more space to cater for new work such as pottery, batik painting, silk screen printing, besides what we are doing presently i.e. weaving, candle and soap making and cake making. Please drop by for a visit at **No 53 Jalan Baru, Pulau Betong, 11000 Balik Pulau**. Telephone number will remain unchanged at 04 – 8665349.

### ***Sandbox for the Kids***

By the way, ACS First Step Centre in Minden Heights is looking for a sponsor to replace their sandbox which has been spoilt.

It would be simply wonderful if the sandbox can come complete with white sand for the children's sand play!!

## **CHARITY DINNERS**

---

Two charity fund-raising dinners are being planned in August and October this year. We are grateful to both organising groups for their efforts and hope that you will be able to patronise it.

## WORLD PLAY DAY

---

May 28<sup>th</sup> was set aside for World Play Day celebrations throughout the world. The reason for promoting World Play Day is to stress on the importance of play, amidst the complexities of our lives nowadays.

Play is not limited to children as one generally assumes. Play is to engage in recreation; amuse oneself; occupy oneself, have fun etc... It can be in the form of games, sports or even hobbies.

All of us have become so engaged in our children's education, in our own work and career, in wanting to excel. World Play Day has been set aside precisely for that simple reason to remind of the need to take time off to play, relax and enjoy each other's company.

ACS held an Inter-Centre Sports and Games Day on May 24<sup>th</sup> in conjunction with the celebration. More than 70 children and adults with disabilities from a total of 8 various centers and organisations came together with their family members for a series of friendly games held at the grounds of S.K. Sri Relau.

On the whole, it was a great and fun day and the weather was kind.

## **OUR JOURNEY**

---

When ACS started 7 years ago, Prof Ken always said that ACS is a small organisation with a big dream. His dream has now extended to the people of East Malaysia.

When we think of carrying on the big job (especially in the area of raising funds to sustain the activities) upon his departure, it can become a nightmare for us. But I must constantly remind myself to “be joyful in hope, patient in affliction and faithful in prayer”.

ACS depended on foreign funding to get many of its projects started; now we will have to seek more local support to sustain the good work that was started.

Thank you for being a part of our journey through mountains and valleys. We look forward to your continual support.

Warm Regards,

***Khor Ai-Na***

Director
